# NYC Schools Account for Health Screening at Home

Did you know that you can track your child's education on any computer, phone, or tablet? The [NYC Schools Account \(NYCSA\)](#) lets you see your student's grades, attendance, fitness results, schedule, and more from anywhere and in all DOE languages: Arabic, Bengali, Chinese, English, French, Haitian Creole, Korean, Russian, Spanish, and Urdu.

Do you have your OSIS number? If you do please go to: <https://mystudent.nyc/>

You will get your child's DOE email address name@**nycstudents.net**

# COVID Protocols

## Health Screening

Every student and staff member must complete the Health Screening Form ([healthscreening.schools.nyc](https://healthscreening.schools.nyc)) prior to entering the school building each day. Anyone entering the building must confirm that they are not experiencing any symptoms of COVID-19, have not recently tested positive, and are not currently required to quarantine based on close contact with an infected person. If you need a thermometer to check for a fever, you can request one from your school.

If a student or staff member is feeling ill, they must stay home and get tested, which is an effective way of protecting the whole school community. Every school will have a nurse on staff to whom students can report if they are feeling ill.

- Sneeze Guards provided to every classroom
- Masks will be worn
- 3ft. Distance signs and floor decals
- Each classroom will have two HEPA air filters

# DOE Homecoming 2021
